BOE Vice President

Hello,

March 23, 2020

I want to share with the community some necessary changes to our delivery protocols for food delivery as a result of the increasing number of COVID-19 cases in the county. These protocols will be in effect to keep our employees safe and also as a measure to ensure appropriate social distancing as families pick up the food.

Beginning Monday March 23 when the bus arrives:

The aide will place the items to be delivered for the first family on the steps of the bus.

The aide will return to the seating area of the bus.

The driver will turn on the red override button.

Only 1 person should come to the bus door per family.

Once the family member is at the door the driver will open the door so the family member can retrieve the items.

Driver will close the door and the next family's items will be placed on the steps.

This process will be repeated until all families waiting at the stop have retrieved their items.

If a family is not at the stop, the run will continue.

GCSD Staff will not be permitted to exit the bus to deliver ANY items.

Students or their family members ARE NOT ALLOWED on the bus.

We appreciate your attention and cooperation to this matter. The intent is to better ensure the safety, of not only our employees, but also the families that are waiting at the stops. Please, be certain to maintain appropriate social distancing while waiting for the deliveries.

As always, be safe and healthy.

Tom McGurl
